

ADAM C. MARCAIDA JR.

FRONT-END DEVELOPER | WEB DEVELOPER

Pasay City, Philippines | 0969 480 7260 | adamcompiomarcaida96@gmail.com

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on web development experience using JavaScript, Vue.js, React, HTML/CSS, API integration, and Figma. Experienced in translating requirements and interface designs into working web features, supporting application development, and collaborating with developers and UI/UX teams. Also experienced with Python, Node.js, Next.js, MongoDB, and MS SQL. Seeking a Front-End Developer or Web Developer role where I can continue building practical, user-focused web applications.

TECHNICAL SKILLS

Front-End: JavaScript • Vue.js • React • Next.js • HTML • CSS • Figma

Web Development: API Integration • Interface Implementation • Requirements Gathering • Basic Technical Documentation

Back-End & Database: Python • Node.js • MongoDB • MS SQL

Additional Tools: Microsoft 365 • Excel • Outlook

RELEVANT EXPERIENCE

DEPARTMENT OF TOURISM | Administrative Assistant IV | October 2024 – Present

- Design and develop an internal web application to help streamline office workflows and reduce manual administrative tasks.
- Identify workflow requirements and translate day-to-day operational needs into practical digital solutions.
- Provide Microsoft 365 assistance and basic technical troubleshooting while supporting office users and processes.

ALFAMART TRADING PHILIPPINES INC. | Information Technology Assistant | September 2023 – March 2024

- Gathered system requirements from users and clients and translated business needs into interface designs using Figma.
- Enhanced the functionality and application logic of a Google Chat Bot using Python and object-oriented programming.
- Collaborated with developers during IT team meetings to discuss requirements, progress, and system concerns.

TOP BLISS | Front-End Web Developer Intern | June 2022 – July 2022

- Supported development of an employee attendance monitoring system using Vue.js, implementing interfaces from Figma and integrating APIs.
- Collaborated with UI/UX designers and backend developers to implement and refine application features.

FREELANCE | Computer Technician | 2017 – Present

- Diagnose and resolve desktop and laptop hardware and software issues, strengthening troubleshooting and end-user communication skills.
